

Nest

Welcome to
the helpful home.

There's no place like a Google Nest home.
It helps keep you safe. Comfortable. Secure.
It looks after you and the world around you.
It's a place where your doorbell can tell
you who's coming and going.

Your smoke alarm can talk to
your thermostat.

Where you can dim the lights, change
the temperature, and play your favourite
playlist with your voice.

And everything just works together.
Beautifully.

With Google Nest products, creating your
helpful home couldn't be easier. You can
get up and running quickly so your home is
all set to do what it does best.

Take care of you.

Some features, including mobile notifications, remote control, video streaming, and video recording, require working internet and Wi-Fi. Subscriptions may be required to access certain music content. Home devices optimised for selected music services only.

The helpful home starts with “Hey Google.”

Run your home without lifting a finger. Google Nest products work together seamlessly to help you stay informed, safe, comfortable, and connected to friends and family. With devices that have the Google Assistant, you can use your voice to control thousands of compatible connected home products. Just say “Hey Google” to dim the lights, adjust the thermostat, see who’s at the front door, and so much more.¹

Nest Hub Max

Big help for your busy home.

Nest Hub Max helps your family stay in touch and on track.² Leave video messages and make video calls.³ Check in on home when you’re away with the built-in Nest Cam. See your own calendar, commute, and more. And stay entertained on the 10-inch HD screen and stereo speakers.

Nest Hub

Help at a glance.

Get visual help for any room at home with Nest Hub. See your latest and best shots from Google Photos on the ultimate digital photo frame.⁴ Watch YouTube, listen to your favourite playlist, and get your calendar, commute, and answers from Google.⁵ Plus, view and control your compatible connected devices on the dashboard or with your voice.

Nest Mini

Bigger sound. Huge help.

Nest Mini is the speaker you control with your voice. Just say “Hey Google” to play your favourite music from Spotify, YouTube Music, and more.⁵ Ask your Google Assistant for help, and get the best of Google – weather, news, or almost anything. With compatible connected devices, you can even turn on the lights or turn down the thermostat.

¹Controlling certain devices and features in your home requires a compatible smart device.

²Requires a Wi-Fi network, a nearby electrical outlet, and a compatible mobile device. Minimum OS requirements are available at g.co/nest/requirements.

³Video messages and calls require Google Duo for both you and the message/call recipient. Emergency calling is not supported.

⁴Personalised results require additional enrollment and setup. To see personal photos, Google Photos required. Compatible smart devices required.

⁵Subscriptions may be required to access some music content. Optimised for selected music services.

Nest Learning Thermostat

The beautiful way to save energy.

The Nest Learning Thermostat learns the temperature you like when you're home. It turns itself down when you're away to help save energy. And you can control it from your phone.

No more programming.

Just turn it up and down. With Auto-Schedule, the Nest Learning Thermostat learns from you and programs itself.

Control it remotely.

Change the temperature from anywhere using your phone, tablet, or laptop.

Voice control.

With the Google Assistant and compatible devices, you can change the temperature with just your voice.

Check your Energy History.

See how much heating you've used and why. The more you know, the more you can save.

Save while you're away.

It uses sensors and your phone to know when you're away and turn down the heat.

Manage your hot water.

The Nest Learning Thermostat can control your hot water tank. You can even adjust the hot water schedule from your phone.

Hello, Leaf.

Know that you're saving energy. Look for the Nest Leaf when you change the temperature.

Nest Thermostat E

It's easy to save energy.

The Nest Thermostat E helps save energy and comes with a simple schedule that's easy to adjust. And you can control it from anywhere.

Frosted display.

Shows the temperature when you're up close, then disappears when you walk away.

Remote control.

Use the Google Home app to change the temperature from anywhere.

Voice control.

With the Google Assistant and compatible devices, you can change the temperature with just your voice.

Home/Away Assist.

Turns itself down after you leave, so you don't heat an empty home.

A simple schedule.

The Nest Thermostat E is all set to help you save energy and stay comfortable. And it's easy to adjust.

Energy savings are not guaranteed and depend on energy usage, weather, and other factors. Learn more at g.co/nest/savings.

There's a Nest thermostat for every home.

● Stainless Steel ● White ● Black ● Copper

¹ Remote control and mobile notifications require working internet and Wi-Fi.

² Check compatibility at g.co/nest/works.

Nest Protect

The smoke and CO alarm that thinks, speaks, and alerts your phone.

There's never been a smoke and CO alarm quite like this. Nest Protect looks for fast-burning fires, smoldering fires, and carbon monoxide. It also speaks up when there's a problem and can send a message to your phone in case you're not at home.¹

Get alerts on your phone.

Nest Protect can send you a message when there's a problem or if the batteries are running low.

Sees the CO you can't.

Carbon monoxide is an invisible, poisonous gas. Nest Protect alerts you when it's there.

Tells you what's happening.

Nest Protect speaks up if there's smoke or CO and tells you what it is, so you know what to do.

Silence with your phone.

Just burned the toast? Silence the false alarm with your phone, not your tea towel.

Better together.

In an emergency, Nest Protect can tell your Nest thermostat to turn off the heat to keep the danger from spreading. And if Nest Protect senses smoke or carbon monoxide, your indoor Nest Cams can record a clip so you can go back and see what happened.

¹ Mobile alerts require working internet and Wi-Fi.

Nest Hello video doorbell

Welcome to your new front door.

Nest Hello lets you know who's there, so you never miss a visitor or a package. And with 24/7 streaming, you can check in anytime.¹

Know who's knocking.

Get an alert and talk to visitors at your door from anywhere.

HD video.

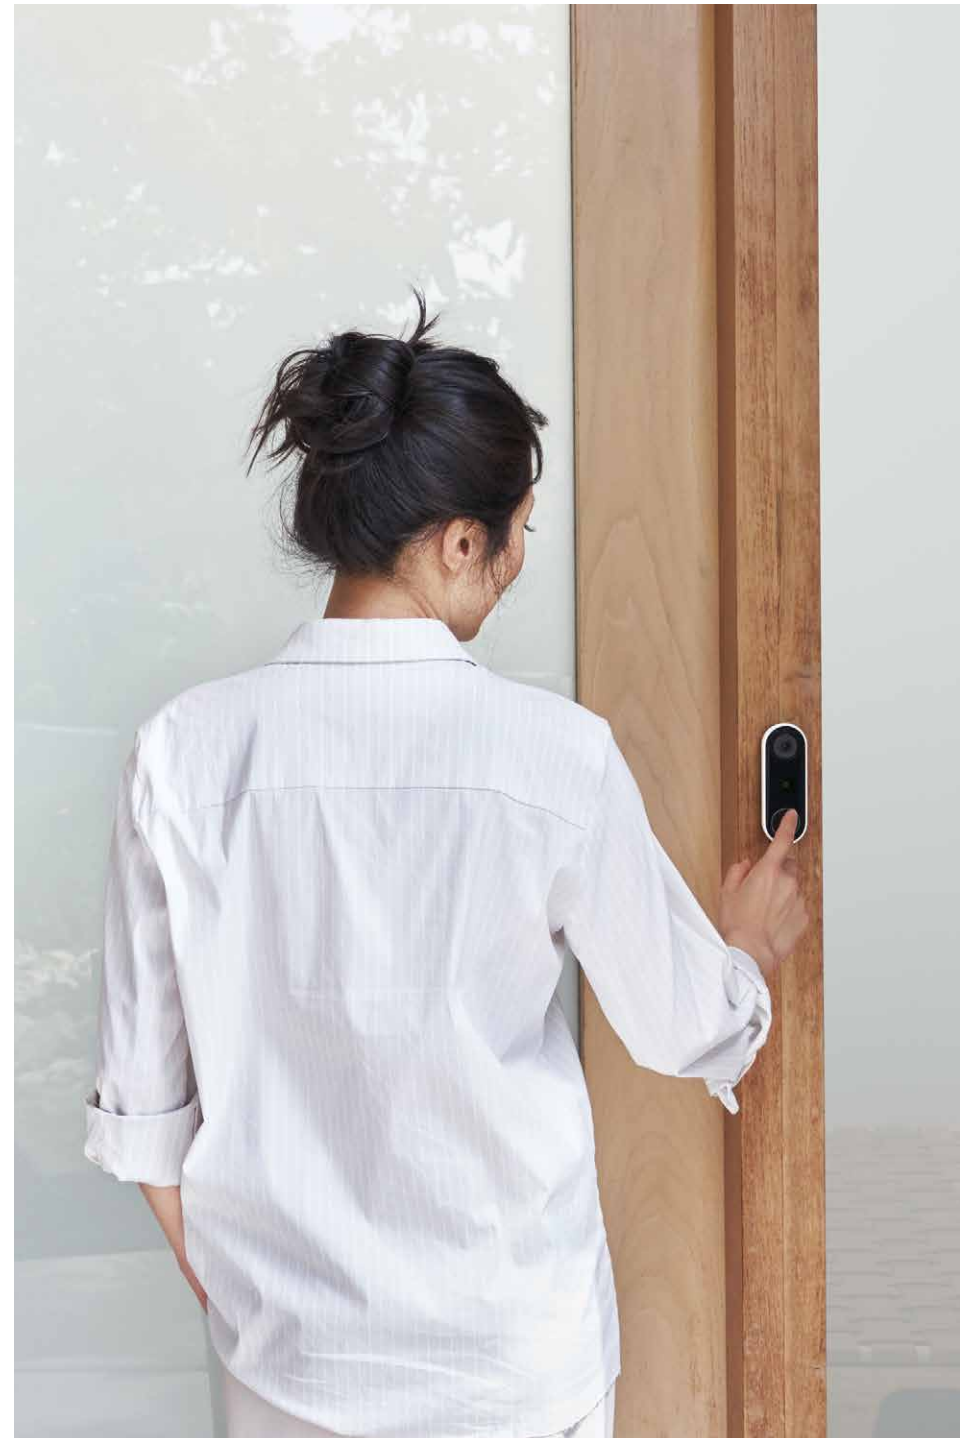

Delivers bright, crisp images day or night.

Intelligent alerts.

Smart enough to detect a person, then alert you.

See who's at the door with Nest Hub or Nest Hub Max.

Just say, "Hey Google, show me the front door camera."

¹Some features, including mobile notifications, remote control, video streaming, and video recording, require working internet and Wi-Fi.

Nest Cam Outdoor

Security, rain or shine. On your phone 24/7.

Who's at the door? Was my package stolen? Meet Nest Cam Outdoor. It's weatherproof and plugs into power, so you can look after home 24/7, rain or shine. Get an alert when there's activity. And talk and listen from your phone.¹

24/7 live video.

130° view shows your home in 1080p HD, day and night.

Activity alerts.

Get an alert if anything moves or makes a loud sound.

Quick, easy setup.

Just plug it in and get the app.

Talk and Listen.

See who's there and talk back to get someone's attention.

¹ Some features, including mobile notifications, remote control, video streaming, and video recording, require working internet and Wi-Fi.

Nest Cam Indoor

Plug-in-and-go security. On your phone 24/7.

Is everything OK at home? You can't always be around to see what's happening. With the Nest Cam Indoor security camera, you can look after home, even when you're out.¹

Quick, easy setup.

Plug in Nest Cam and download the Google Home app to get started.

Clear as day. Even at night.

Night vision evenly illuminates the whole room.

24/7 live video.

130° view shows your home in 1080p HD, day and night.

Talk and Listen.

See who's there and talk back to get someone's attention.

Alerts on your phone.

Get activity alerts so you know if anything happens while you're away.

¹ Some features, including mobile notifications, remote control, video streaming, and video recording, require working internet and Wi-Fi.

Nest Cam IQ Indoor & Nest Cam IQ Outdoor A sharper security camera.

Nest Cam IQ has incredibly crisp, clear 1080p HD video and HD Talk and Listen. It can identify when someone's in your home, alert you, and zoom in to see who's there.¹

Person alerts.

Smart enough to tell a person from a thing, then alert you.

24/7 live streaming.

See a 130° view in 1080p HD, day or night.

Supersight.

With a 4K sensor, HDR, close-up tracking, and 12x digital zoom and enhance.

3-hour snapshot history.

Miss an alert? Review photos from the last three hours in the Google Home app.

HD Talk and Listen.

Scare off intruders or have a seamless conversation with HD Talk and Listen.

Help at home.

Nest Cam IQ Indoor has the Google Assistant built in, so you can manage tasks, get answers, and control your home.²

¹Some features, including mobile notifications, remote control, video streaming, and video recording, require working internet and Wi-Fi.

²Controlling certain devices and features in your home requires a compatible smart device.

Don't miss a thing with Nest Aware.

One price for your entire home.

Nest Aware subscriptions start at £5 a month¹ for all the Nest cameras in your home. Choose from two simple plans: Nest Aware with 30 days of event video history or Nest Aware Plus with 60 days of event video history and 24/7 video history.²

Get alerts that matter.

Nest cameras already include motion and sound alerts. With Nest Aware, you'll get intelligent alerts. Person alerts can tell you when someone's in your home. And you can create Activity Zones around important areas and get alerts whenever something happens there.²

Don't miss a thing.

See more of what happened at home. Nest Aware comes with 30 days of event video history and the ability to watch event clips. Nest Aware Plus comes with 60 days of event video history and 10 days of 24/7 video history. You can scan through your entire video history or stop to watch any moment, and see everything before, during, and after an event.²

60 days of event video history
10 days of 24/7 video history

Includes all the Nest cameras in your home.

To learn more or purchase Nest Aware, visit g.co/nest/aware.

¹ Available to UK residents aged 18+ only. Subscription automatically renews at the end of each billing period and your payment card will automatically be charged unless you cancel. Renewals occur every month or year, depending on the billing cycle selected when purchasing your subscription. Subscriptions can be cancelled via the Google Store. If you cancel your subscription it will finish at the end of its current billing period. Full T&Cs apply. Visit support.google.com/googlenest/answer/9546397 to learn more.

² Some features, including mobile notifications, remote control, sound detection, video streaming, and video recording require working Internet and Wi-Fi. ³ Package delivery alerts require a Nest Aware subscription at additional cost. Subscriptions automatically renew at the end of each billing period, unless cancelled via the Nest App. Full subscriptions terms apply.

Nest Wifi

Strong connection, every direction.

Nest Wifi helps you get fast and reliable Wi-Fi coverage throughout your whole home.¹ And Nest Wifi points have a speaker and microphone with the Google Assistant for extra help around the house.

Stream with speed.

Nest Wifi intelligently works behind the scenes to help make sure your Wi-Fi remains fast. Walk from room to room on a video call with uninterrupted coverage.

Hands-free help around the house.

Each Nest Wifi point has the Google Assistant, so you can play music, manage your Wi-Fi network, find answers, control your connected devices, and more, using just your voice.

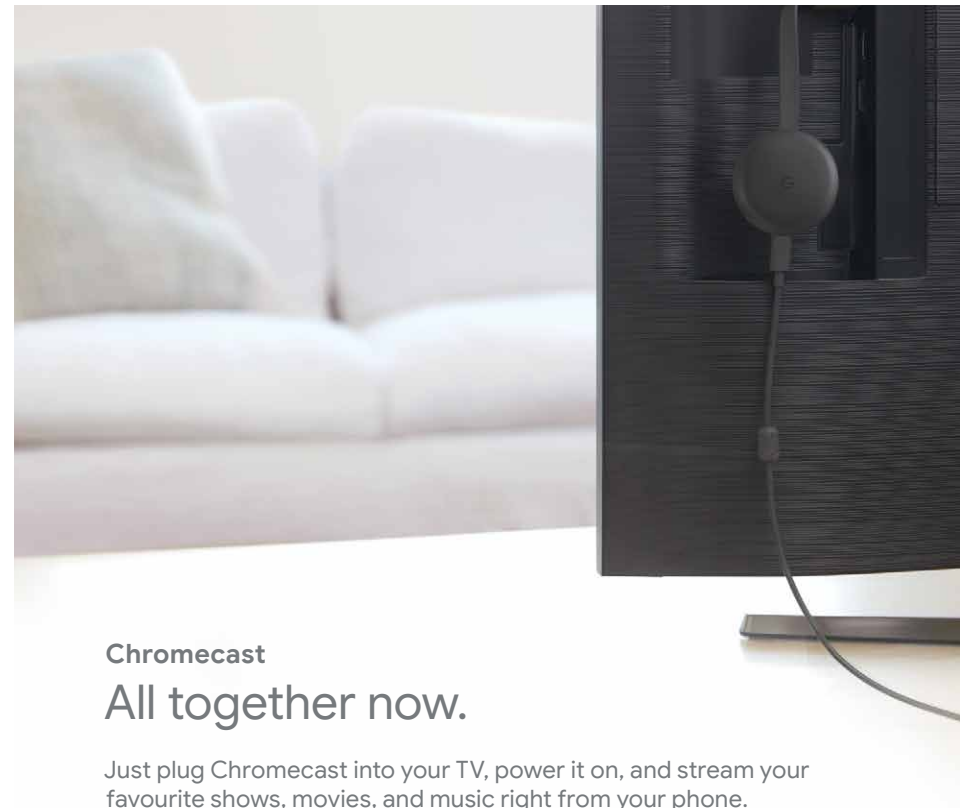

Security that's a step ahead.

It automatically updates itself to get new features and helps your network stay safe.

¹ Home materials and layout can affect how Wi-Fi signal travels. Larger homes or homes with thicker walls or long, narrow layouts may need extra Wi-Fi points for full coverage. The strength and speed of the signal will depend on your Internet provider.

² Controlling certain devices and features in your home requires a compatible smart device. The Wi-Fi point is optimised for selected content services only.

Chromecast

All together now.

Just plug Chromecast into your TV, power it on, and stream your favourite shows, movies, and music right from your phone.

See it here. Watch it there.

Stream entertainment right from your phone to your TV, just like that.¹

No more reaching for the remote.

Control your TV hands-free with devices that have the Google Assistant, like Nest Hub. Play, pause, adjust the volume, and more with your voice.

Works with the apps you love.

Stream from thousands of Android and iPhone® apps, like YouTube and Netflix. Plus, watch cable-free live TV from a variety of channels.²

¹ Chromecast and Chromecast Ultra require a TV with an HDMI port, a Wi-Fi network, and a compatible mobile device. Minimum OS requirements are at [g.co/cast/req](https://www.google.com/cast/req). Availability and performance of features and services are application, device, and network-dependent and may not be available in all areas. More information is available at the Chromecast Help Center.

² Subscription(s) are required to access certain content. Casting optimised for selected services only. Available services and content will vary by country. Additional terms, conditions, and/or charges may apply.
